DECOR

Design Archirivolto

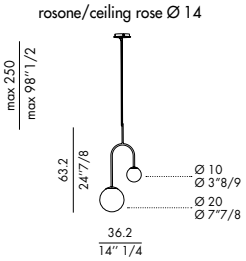

Decor è la lampada sospesa dalle linee essenziali e definite, perfetta per arredare con stile semplice sia ambienti abitativi che luoghi lavorativi o di hospitality. Il design firmato Archirivolto gioca sapientemente con gli equilibri fra sottili tratti di metallo e sfere di vetro bianco. L'illuminazione è un aspetto fondamentale dell'abitare: se ben scelta sa valorizzare gli spazi. La lampada Decor si adatta a tutti gli spazi offrendo punti luce candidi e brillanti grazie alle finiture preziose del metallo. La lampada Decor è disponibile sia come sospensione per illuminare ad esempio il tavolo del soggiorno, che come elegante lampada per creare uno spazio intimo nell'angolo lettura.

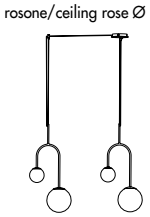

Decor is the suspended lamp with essential and defined lines, perfect for furnishing both living environments and work or hospitality environments with simple style. The design by Archirivolto skilfully plays with the balance between thin sections of metal and white glass spheres. Lighting is a fundamental aspect of living: if well chosen, it can enhance spaces. The Decor lamp adapts to all spaces, offering white and brilliant light points thanks to the precious metal finishes. The Decor lamp is available both as a suspension to illuminate the living room table, for example, and as an elegant lamp to create an intimate space in the reading corner.
